3. Quick-links to Facilities Services information resources
4. Access to the status of your:
   a. Facilities Service requests
   b. Active Facilities jobs and related work tasks
   c. Requests for estimates
Portal Section Overview

1. Request Central portal section - Request Facilities Management (FM) Services

This portal section lists Facility Request options. The Requestor selects the appropriate Request type and submits an online Request. If the Facility Request menu is collapsed and does not show any options, click on Drop Down arrow to expand the section and view the complete list of Requests.

Requests can be submitted on your behalf or someone else’s. The services available on the Request Central portal section are based on the role of the person logged in and the location or building the Request is for.

Features of the Service-specific request forms

Features may vary by the type of request. Some to note include:

- **Additional Detail** - space to enter additional request details up to 1000 characters
- **Customer Reference** - a field to enter your unique request identifier such as a reservation number, originator code, or internal reference number
- **Account information** – Ability to split fund requests across multiple accounts by percent
2. Related Links – Request Central

Reports – The portal includes reports providing information related to your Facilities requests, as well as requests submitted in areas you manage. Reports currently include:

All My Jobs – Search, filter and view all jobs related to your FM service requests.

All Jobs in My Managed Areas - Search, filter and view all FM jobs related to spaces you manage whether or not you requested the service.

FM Job Status Report – Search, filter and view all FM jobs.

FM Recharged Jobs Report – Provides all financial transactions related to your recharge jobs. View summary or detail invoice information.

FM Renovations Projects Status Report - Provides information on projects being managed by the Facilities Management renovation project team.

My Request History - Search, filter and view all Facilities Management Service requests.

3. Quick-links

The portal includes quick-links to Facilities Management Services resources including portal HOW-TOs.
4. Access to the status of your FM service requests and active jobs:

4.a. My Pending Requests
This section includes:
- Requests you have submitted to FM that have not yet been processed,
- Draft requests you have started and saved but not yet submitted
- Requests pending EH&S approval as applicable

4.b. My Active FM Jobs
This section includes all active and approved Facilities Jobs related to your requests. From this section you can see the status of work down to specific work tasks.
- Click on the “+” next to a specific job to expand
- Click on the “-” next to collapse

4.c. My Estimate Requests
This section includes all of your “request for estimate” jobs and allows you to see the status of the estimate. From this section you will be able to view and approve estimates provided by Facilities Management Trades Coordination
HOW-TO – Access the Facilities Management Services Portal

Access the Facilities Management Services Portal in three ways:

1. Directly via https://service.fac.uci.edu or,
2. From the Facilities Management Home page at http://www.fm.uci.edu
   2.1. Click on Facilities Management Services Portal or,
3. The UCI ZotPortal
   3.1. Login at https://portal.uci.edu
   3.2. Click on the Facilities/Safety tab
   3.3. Click on Self Service > Online Service Request

Browser compatibility

The Facilities Management Services portal is compatible with all current mainstream browsers.

For full functionality the settings below should be applied to your browser settings. Please note that if your computer is supported by OIT, these settings should already be in place.

For assistance Please contact the OIT Helpdesk at oit@uci.edu or contact your local Computer Support Coordinator at http://www.oit.uci.edu/help/csc/.

Settings

- The Facilities Management Services portal utilizes Java. https://service.fac.uci.edu should be added to the Java Exception List. Instructions are available at: https://uci.service-now.com/kb_view.do?sysparm_article=KB0010295
- If you are using Internet Explorer, Compatibility mode should be set. Instructions are available at: https://uci.service-now.com/kb_view.do?sysparm_article=KB0010296
1. Log into the Facilities Management Services Portal: http://service.fac.uci.edu

2. Enter optional field information (e.g. Additional Description)
3. Account Information - Enter account information and for recharge purposes
   a. Click on Quick Add to enter one or more accounts and distribution by present.
4. Attachments - Attach documents as needed
   a. Click on Upload to search for and select attachments as needed. See HOW-TO – Attach Documents to a Request
   b. for additional help to attach documents.
5. To finish your entry
   a. Click Draft to save your request to submit later, or
   b. Click Submit to submit your request to the FM Service Desk
HOW-TO – Attach Documents to a Request

1. Scroll to the **Attachments** section
2. Click on **Upload**

3. Click on **Select Files**

4. Browse and Select file from directory
5. Click **Open**

6. Once the file appears in the upload files list, Click **Upload**
HOW-TO – Copy a Request

1. In My Pending Requests – Click on the request you want to copy
2. The copy will appear on the screen
3. Enter required and optional information as needed
4. To finish your entry
   a. Click **Create Draft** to save your request to submit later, or
   b. Click **Submit** to submit your request to the FM Service Desk
HOW-TO - Submit a Request for Estimate

Request for estimating service can be done for any request type via a request form by

1. Clicking on either the Please provide an estimate... or I have a cost not to exceed... radio button.

*** PLEASE NOTE: A link to the “Listing of Common Jobs Not Estimated” is provided. Please review this list before requesting an estimate. Facilities Management does not have “cost-not-to-exceed/maximum cost allowances.” For these requests, an estimate will be provided to the customer for approval.***

2. Once your request has been submitted and processed, your submission will appear in the My Estimate Requests section of your portal with a status of “Being Estimated”
HOW-TO Review and Approve or Return/Reject an estimate

When an estimate is ready for your review and approval you will see the Job in the my estimates section with a status of “Pending Approval”

You will also receive an email requesting that you review and approve or return/reject the estimate and instructing you how to do so.

1. To Review the estimate
   a. On the Job screen, Scroll to the Related Documents portal section, Click on attachment to open and review the estimate.
2. After reviewing the estimate, you may "Approve" for work to proceed, or "Return" to reject the estimate as follows:
   a. Click on the Notifications tab of the Job

   ![Image of Notifications tab]

   b. In the Approval Reviews section, Click on the Review In Progress link

   ![Image of Approval Reviews section]
Approve or Return/Reject the estimate as follows:

2.c. Click Approve, for work to proceed or,
2.d. Click Return to reject the estimate

2.e. Type in a short Review Comment
2.f. Click Continue
2.g. Close current window to return to your portal
