

2015 RecycleMania Results

zero
waste
UC Irvine

In the nationwide Recyclemania tournament, more than 390 colleges and universities, UCI placed:

- 7th in the overall category of **Grand Champion**
- 6th in the **Gorilla category**

UCI has ranked top 10 in RecycleMania for the past 4 years. Our aim is to challenge the competition and most importantly to improve and promote recycling on campus.

Gorilla Prize category recognizes schools that recycle the highest gross tonnage of combined paper, cardboard and bottle and cans.

UCI's high diversion rate of recyclable materials being properly sorted in the core recyclable categories is what determined its ranking in the Grand Champion category.
