Dear Campus Customers,

Central Plant will be conducting a regularly scheduled high temperature hot water shutdown the weekend of Friday, December 13, 2018 through Sunday, December 15, 2019.

We will be shutting down after 5:00 p.m. on Friday, December 13, 2019. Normal service will be restored no later than Sunday, December 15, 2019 at 11:00 p.m.

The purpose of this shutdown is to conduct regularly scheduled maintenance of equipment on the high temperature hot water system and the cogeneration plant. The systems that will be affected during the shutdown will include; building heat, industrial & domestic hot water, and steam generation for cage washers and autoclaves.

The campus power and chilled water supply for the buildings and process cooling will not be affected during this shutdown.

This maintenance will help ensure that we provide reliable service to the campus community.

Buildings NOT affected by the Central Plant HTHW Shutdown:
- AIRB
- Beckman Laser
- Berkeley Place / Law School
- EH&S
- Gavin Eye Institute
- Gillespie
- Gottschalk
- Gross Hall
- Hewitt (See *Note Below)
- Hitachi
- Housing
- Irvine Hall
- Med. Ed / Berk Alumni
- Med Surge I
- Med Surge II
- Mesa Arts, Commons
- Multipurpose Academic & Admin.
- North Campus
- Rockwell Engineering
- Sprague Hall
Please call Tony Garrit at 824-5140 or Michael Bonomo at 824-8715 for questions regarding this regularly scheduled shutdown.

The Central Plant night supervisors, Ricky Farmer and Brian Harvell, can be reached at 824-0317 from 7:00pm to 5:00am.

Thank you for your continued support and understanding,

Tony Garrit
