Dear Campus Customers:

Central Plant will be conducting a regularly scheduled high temperature hot water shutdown the weekend of Friday, September 16, 2022, through Sunday, September 18, 2022.

We will be shutting down after 5:00p.m. on Friday, September 16, 2022. Normal service will be restored no later than Sunday, September 18, 2022, at 11:00p.m.

The purpose of this shutdown is to conduct regularly scheduled maintenance of equipment on the high temperature hot water system and the cogeneration plant. The systems that will be affected during the shutdown will include building heat, industrial and domestic hot water, and steam generation for cage washers and autoclaves.

The chilled water supply for the buildings and process cooling will not be affected during this shutdown.

This maintenance will help ensure that we provide reliable service to the campus community.

**Buildings NOT affected by the Central Plant HTHW Shutdown:**

- AIRB
- Beckman Laser
- Berkeley Place / Law School
- EH&S
- Gavin Eye Institute
- Gillespie
- Gottschalk
- Gross Hall
- Hewitt
- Hitachi
- Housing
- Irvine Hall
- Med. Ed / Berk Alumni
- Med Surge I
- Med Surge II
- Mesa Arts, Commons
- Multipurpose Academic & Admin. Bldg.
- North Campus
- Rockwell Engineering
- Sprague Hall

Please call Tony Garrit at 824-5140 or Michael Bonomo at 824-8715 for questions regarding this regularly scheduled shutdown. The Central Plant night supervisors, Ricky Farmer can be reached at 824-0317 from 7:00pm to 5:00am.

Thank you for your continued support and understanding,
